Welcome to the all-new Faucets Price Book for 2024, providing vital information on prices and products available from us. We hope you will find it useful and easy to use.

Prices stated are Retail List prices excluding VAT. Every effort has been made to ensure these prices are correct at the time of printing. However, Faucets reserves the right to amend prices without prior notification. Prices charged will be those ruling at the date of despatch.

- Faucets minimum order value will be £20.00.
- Minimum carriage paid orders to the account address will be £50.00; all orders below this amount will attract a carriage charge of £10.00.
- Minimum carriage paid orders on "direct deliveries" i.e. deliveries to site, or any address other than the account address will be £100.00; all orders below this amount will attract a carriage charge of £10.00.
- All items that require a palletised delivery (generally sanitary ware etc.) may incur a carriage charge based on the size of the order and quantities involved, this cost will be determined at the point of order, please contact the office for details.

We are constantly working to improve our service to our customers. We stock high quality products, which we despatch on a nationwide next day delivery service. Don't forget to download the Faucets app - speak to your ASM to gain access - check stock, place orders & discover exclusive offers!

If you feel one of your colleagues would benefit from a copy of this book, please email: [sales@faucets.co.uk](mailto:sales@faucets.co.uk) or scan the QR code below to download a copy.

GROHE manufactures luxury fittings for exceptional bathrooms and kitchens. Our range of bathroom taps, showers, shower heads, sanitary fittings and kitchen mixer taps.

GROHE SPA® collections of luxury basin mixers, showers and fittings will transform your bathroom into a haven of relaxation.

Quality, technology, design and sustainability are the four brand values that illustrate our commitment to creating exceptional experiences. We set our standards extremely high to ensure that every time you turn on a GROHE tap or step into a GROHE shower you can feel the difference.

For many consumers, "Made in Germany" is a marque that stands for quality, precision and attention to detail.

GROHE provides a manufacturer's warranty for a period of 5 years, terms and conditions apply.

## GROHE LINEARE

### SENSUAL MINIMALISM

The cosmopolitan aesthetic of Lineare is minimal yet highly inviting. In keeping with the concept of minimalism, Lineare has been reduced to only the necessary elements to achieve the thinnest possible appearance. The line is based on a composition of two simple geometric structures – cylindrical bodies and thin rectangular forms of the handle and spout create beautiful harmonious compositions.

# GROHE PLUS

## ACCURACY THAT GOES BEYOND DESIGN

Imagine a bathroom that offers not just sleek, cutting-edge, bold design, but also confidence and control. Where you can tell water temperature at a glance and switch water flow with just a swipe of your hand. A room where nothing is left to chance, where form delivers function in a sleek, tactile package. With the new GROHE Plus you can make it a reality.

# Atelier Collection & Bathroom Collections

Introducing **Atelier Collection** and **Bathroom Collections** by Ideal Standard.

**Faucets** are excited to be partnering with **Ideal Standard** as a distributor for these collections and providing an enhanced service offering into the retail market.

Offered exclusively to independent retailers, Atelier Collections have been created in collaboration with renowned Italian studio PS+A. The premium collections strengthen the brand's long-standing design philosophy, and look back to its heritage while shaping the bathrooms of the future. The products bring together the unmatched skills of Palomba Serafinia Associati (PS+A), through its founder Roberta Palomba, with Ideal Standard's broad manufacturing expertise.

The ranges draw inspiration from iconic Ideal Standard products of the past to create exciting new collections for the present. Roberto Palomba, a master of international design with over 25 years of experience in design innovations for the bathroom, has created unique collections that include an exclusive range of ceramics, brassware and furniture. The bold designs work in harmony to allow complete customisation on every project.

# Ipalyss

## *Washbasins*

Ipalyss is a range of washbasins characterized by a super slim design and extreme durability, both made possible by Ideal Standard's Diamatec® technology. The revolutionary Diamatec® was developed using a unique blend of alumina and chamotte, the result is a new material that creates extraordinary looking ceramics, allowing designers to achieve the near impossible: very fine, thin, straight edges that is nonetheless extremely strong, and suitable for a wide range of demanding environments.

**Ipalyss** - vessel 55cm - black matt finish

## ATELIER COLLECTION

# Calla & Joy Neo

Calla comprises a wide range of ceramic pieces, including elegant basins and pedestals, sophisticated toilets and bidets, and a stunning statement piece - a free-standing bathtub. The basins can also be combined with the more contemporary leg set, giving the product a completely different identity and enabling customers to integrate it in modern bathroom designs.

Joy Neo represents an evolution of classicism, combining features from the more contemporary and cylindrical Joy collection with classic, square design elements, and either cross or lever-handles.

ATELIER COLLECTION

Conca - Dual control basin mixer

## Atelier Brassware

### Joy

Much more than a cylindrical tap. A single cast piece inspired by botanical grafts, joy fuses elegance and strength into a minimal, never ordinary collection that knows how to surprise in its simplicity.

### Conca

Refined elegance, lightness and personality, this is conca's identity. A visual footprint that doesn't break the pure geometries of the washbasin lines. The maturity of the design removes the unnecessary and creates empathy.

### Connect air

Freshness and lightness. Connect air was inspired by the idea of fusing a classic geometric piece - the tap - with shapes that transition organically from each other. All with a sense of light airiness.

Ideal Standard

## Brassware Finishes

The finishes within our brassware palette can be combined with our ceramics and furniture to create strong visual statements – the perfect synergy between shape, material and colour.

# Solos

## Coming Soon

The innovative and visually striking flagship piece is a unique integrated combination of basin and fitting. Fine, straight lines and extremely thin edges give the basin its distinctive weightless look, while the fully integrated sophisticated fitting completes the seamless, pure appearance. Only the graceful spout and control knob are visible while the supporting technology is hidden underneath the basin, making this combination truly unique.

Featuring sequential mixer technology, allowing both accurate temperature and flow control in one simple rotation of the elegant control knob. Or touchless technology with capacitive sensors offers additional possibilities for application.

## The great indoors

---

Times are changing and as our lifestyles adapt so too have our homes. We've watched fast-paced living be switched with slower, more deliberate time spent indoors. Spaces once saved for entertaining and gathering, now transform into hybrid havens for work, rest and play. So while we retreat into these inner worlds to reconnect, Meir invites you to discover a renewed sense of creativity and self-expression.

Spending close to a decade developing, designing and manufacturing premium products to elevate these everyday moments, Meir specialises in the details that make houses feel like homes.

With exceptional materials, craftsmanship and care; you will relish every opportunity to stay-in.

## The beauty is more than skin deep

Meir's commitment to quality means all our products meet the most stringent global standards. We only use the best quality components and materials - including DZR, a superior, low-lead, brass alloy.

With its higher resistance to corrosion, taps made from DZR brass are less likely to develop leaks, cracks, and other malfunctions, ensuring reliable and safe use over time.

DZR brass also has lower levels of impurities, resulting in improved water quality.

Whilst not a requirement in the UK, the durability of DZR brass combined with Meir's use of the highest quality components gives us the confidence to offer a lifetime guarantee.

Our products are designed to work best with high pressure water systems such as those typically installed in modern homes. With older water systems, your installer or retailer can advise on how to achieve a 'high pressure experience'.

## MEIR COLLECTION

Ultra-premium and timeless in design, our collections will transform your home with elevated style, innovation and functionality.

Encompassing a range of fixtures and fittings available in luxurious colours, each one crafted using superior materials and quality components, formed for your bathroom, kitchen, laundry and powder room.

### Matte Black

Subtle yet elegant, our signature Matte Black finish pushes the boundaries of luxury tapware. Exuding sleek structure and elegance, the finish subtly accentuates natural textures like marble and timber.

### Tiger Bronze

A nuanced finish created from a brushed black undercoating adorned in gold, providing a glorious midas touch. Harness the power of precious metal motifs to highlight both modern pastel palettes and more classic colour schemes.

### Champagne

Set the benchmark for stylish living with a finish that exudes a sense of fluidity and versatility. The effervescence of rose-gold brings a new luxury to brass and the result is brilliant. Pair Champagne with pale timber, earthy tiling and an abundance of natural light for maximum impact.

### Brushed Nickel

This chameleon finish is exceptional in a range of interior settings and palettes, offering striking aesthetics in every instance. Whether your space is commercial or closer to home, our PVD Brushed Nickel range is crafted using premium materials and the utmost care. Scheme with oak and earthy palettes for the greatest appeal.

### Shadow

New to our range, the bespoke finish embodies individuality ensuring Shadow is as unique as you. The finish has been crafted with depth that perfectly pairs with stone, timber, natural elements, and concrete. Combining a striking blend of charcoal grey and rustic blue, Shadow produces a sophisticated look unlike anything else. Shadow adds an intensity while remaining familiar, making it incredibly versatile.

### Polished Chrome

An essential selection in both modern and classic homes. This finish delivers form and function, serving understated style through contemporary design. Its versatility, practicality and personality sees this finish thriving for decades to come.

## Introduction to Mira Showers

**Mira is Britain's No.1 choice for the professional shower installer.**

With great availability across the showers range, products that are easy to install, unbeatable performance, proven reliability and after-sales support that's second to none it's no wonder Mira is the installers' favourite!

### MIRA DIGITAL SHOWERS

Mira digital showers use separate mixer unit and shower controls. This means you can mount the slim mixer unit away from the shower offering easier access for servicing.

## Mira Flight Low Shower Trays

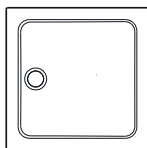

### The lighter, tougher, lower shower tray.

Made from durable acrylic resin stone, Mira Flight Low isn't just incredibly tough and unbelievably light, it's also one of the lowest trays on the market, at just 40mm as opposed to the standard 90mm height.

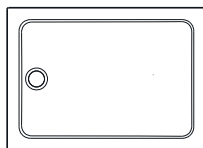

Mira Flight Low also includes BioCote® protection and comes with a Mira Flight Low vortex waste.

## Mira Flight Level Safe Shower Trays

**The ultimate wet-room look for a fraction of the cost, with the piece of mind that Mira Flight Safe technology brings.**

At just 25mm high, the stunning Flight Level tray from Mira is a true statement piece for any bathroom. Enjoy the subtle beauty of this tray with the discreet but fast flowing side waste, maximising your showering space without hindering the performance. With features such as the innovative honeycomb back skin, this sleek tray is incredibly light yet deceptively strong, making installation a doddle.

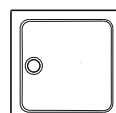

The Mira Flight Level range also includes BioCote® protection as standard.

## THE PERRIN & ROWE STORY

Forty years ago in East London, Bob Perrin and Greg Rowe began an extraordinary partnership. Despite limited funds and a workshop that was little more than a garden shed, they began by machining brass components that others found too difficult to make. As designers they made their name by producing the world's first 3 in 1 tap – a tap that dispensed hot, cold and filtered water - using their own Triflow technology.

This blend of innovation and traditional manufacturing craft defines the Perrin & Rowe brand today. Our comprehensive range of kitchen and bathroom brassware is manufactured in our own factories in Britain. We still make taps in small batches, pouring molten brass by hand into moulds of our own design. Our sanitaryware is made in Staffordshire, the heart of English ceramic manufacture for three hundred years. By controlling every element of design and production, Perrin & Rowe has become known by architects and design professionals for its quality and durability.

Bob and Greg retired some years ago, but their legacy and passion live on at Perrin & Rowe. Now a luxury brand with an international reputation, our principles of British design and craftsmanship, advanced engineering and traditional manufacturing, remain the foundation of our success.

## THE PERRIN & ROWE PROMISE

All Perrin & Rowe products are designed and manufactured in Britain.

We are driven by engineering excellence. We use state of the art manufacturing technology to support our traditional methods and skills.

Our brassware is made from low lead brass of the highest quality available. The surface is plated to a thickness that exceeds industry standards, ensuring a deep, protective coating that is resistant to wear and pleasing to the eye.

We assemble our brassware by hand, and individually water-test each one.

Our handles and spouts include bearing rings and engineering 'O' seals to ensure maximum durability.

Perrin & Rowe brassware has a 'wobble free feel'.

Our ceramic disc valves are tested up to 500,000 cycles and supplied by the world's leading ceramic cartridge manufacturer. On test, valves are repeatedly turned on and off with pressurised water to the equivalent of 25 years' use in a domestic installation.

Perrin & Rowe specifically manufacture for different markets around the globe. No additional adapters or converters are required for installation.

Our aim is to offer the world's finest range of kitchen and bathroom products.

# Purusline Living Plus<sup>+</sup>

The Purusline Living Plus for vinyl and microcement is Purus' newest linear drainage solution in lengths of 600mm, 700mm, 800mm, 900mm and 1000mm. With a patterned Chess grate in stainless steel and a drain body in PP plastic, the Purusline Living Plus has many similarities to the popular Purusline Living, but has been redesigned with a new clamping ring system to be suitable for vinyl flooring. It can also be used with microcement and resin floor finishes. It makes a great alternative to our Mini Series floor gullies where a linear finish is preferred, and is therefore popular in care homes, domestic properties and hospitals as well as hotels, spas and leisure centres. The Purusline Living Plus channels are available in Side, Low and Side Side outlet configurations.

The Purusline Living Plus can be installed into either joist or concrete flooring, with a Self-Supporting Tray used when installing into joists. All outlets come with a built-in NOOD no-odour trap, which ensures that even if the drain dries out, no foul air or bad odours will come up because the spring-loaded trap keeps itself closed. The NOOD can be easily removed for cleaning and maintenance with a built-in handle.

The Purus Minimax 50, Mini Brage 50 & Mini Brage 110 make up Purus' range of BBA-Certified Mini Series floor gullies, suitable for vinyl, tiled, microcement, microconcrete and resin floors. With a grate diameter of 130mm, all come complete with a white grate, clamping ring, and a specially designed top-access water trap with NOOD no-odour function. The NOOD ensures that even if the drain dries out, no foul air or bad odours will come up because the spring-loaded trap keeps itself closed. The NOOD can be easily removed for cleaning and maintenance with a built-in handle.

The Mini Series floor gullies can all be used as an outlet without the NOOD water trap.

# Mini Series Floor Gully Wetroom Solution for vinyl, microcement & resin flooring

Ordering a complete Mini Series Floor Gully  
wetroom kit for vinyl, microcement, microconcrete  
or resin flooring is as easy as 1, 2, 3!

Just follow these steps:

1

Gully - choose your floor gully

All the options are detailed on the next page

2

Grate - choose your stainless steel grate

3

Order any extras

Former trays, the Purus Knife and other installation accessories are  
also available

The Purus Minimax 50, Mini Brage 50 & Mini Brage 110 make up Purus' range of BBA-Certified Mini Series floor gullies, suitable for vinyl, tiled, microcement, microconcrete and resin floors. With a grate diameter of 130mm, all come complete with a white grate, clamping ring, and a specially designed top-access water trap with NOOD no-odour function. The NOOD ensures that even if the drain dries out, no foul air or bad odours will come up because the spring-loaded trap keeps itself closed. The NOOD can be easily removed for cleaning and maintenance with a built-in handle.

The Mini Series floor gullies can all be used as an outlet without the NOOD water trap.

**Purus Channel 100**

# Purus Channel 100

The Channel 100 is our most popular stainless steel channel drainage system and is an ideal solution for shower areas, changing rooms and hotel and leisure facilities; as well as industrial areas such as factories and breweries. It is manufactured in 316-grade acid-resistant stainless steel and is designed for installation into concrete floors with vinyl, tiled, microcement, microconcrete, resin or concrete finishes. It comes in standard lengths up to 2.5m.

Many different configurations are available as standard, details of which are below. The Chess and Rib stainless steel grates are ideal for bare-foot areas whilst the L15 and M125 load-bearing mesh grates are designed to suit industrial use.

An extensive bespoke service is available for channels to be manufactured to your requirements, including in lengths longer than 2.5m. Please contact Purus for more details.

**RETURNS POLICY**

Requests for collection must be made in writing containing the following information:

1. Reason for collection
2. Date of supply
3. Invoice/delivery note number
4. Contact details

**Damaged/Scratched Items**

We recommend that all goods are thoroughly inspected before they are signed for. We cannot accept any responsibility for damaged or scratched goods once they have been signed for.

**Goods No Longer Required**

Goods no longer required must be in perfect resaleable condition in their original, unopened packaging. Goods returned must be protected in outer packaging to retain the integrity of the manufacturers boxes.

A restocking charge of 20% will apply.

Once a return has been agreed – all returned items should be delivered back to Faucets within 7 days – we reserve the right to cancel all credits if goods are not back within this timeframe – all outstanding payments would then become due!

No goods will be accepted for return after 6 weeks of delivery date.

A collection charge will apply. This will be confirmed when a collection has been authorised.

**Defect and Fitted Products**

For installed products, any items identified as defective after installation are covered under the manufacturer's warranty, and customers should contact the manufacturer directly for assistance in resolving the issue.

**Special Orders**

Special orders must be in writing and duly signed. There is no guarantee of delivery times for the manufacture of such items. A strict no returns policy applies to all special orders.

**Delivery date**

Every effort will be made to complete delivery in accordance with your requirements. However, delivery times quoted are estimates and Faucets will not accept any liability for failure to deliver within such times. In addition, Faucets cannot be held responsible for delays caused by manufacturers, their suppliers, or carriers.

**Goods Supplied**

All goods supplied shall remain the property of Faucets until full payment has been made. However, any risk shall be passed to the purchaser once delivery has been accepted. We reserve the right to recover goods from the purchaser's premises should the purchaser become insolvent or fail to pay overdue invoices.
