

Dear Customer,

Faucets, the UK's leading independent stockist and distributor of quality bathroom brassware and sanitary products, have been a one-stop shop for quality bathroom fittings since 1983.

We are pleased to introduce to you the GROHE Grandera™ collection.

The GROHE Grandera™ collection is both a homage to an age of grandeur long past and an affirmation of a modern sensibility, combining the highest standards of quality and craftsmanship with the love of detail and comfort. The collection is based on the GROHE squircle, an innovative geometric shape that blends square and circular elements into one harmonious unit.

The GROHE Grandera™ collection stands for perfection, right down to the smallest detail. That is why the entire range, from the head shower to the thermostat and from the basin mixer to the soap dispenser, is perfectly coordinated. All products in the range are available in StarLight® Chrome and StarLight® Chrome and Gold finish.

For more information please contact your local Faucets Sales Manager to show you a sample to fully appreciate the beauty of GROHE Grandera™.

Yours faithfully,

Andy Shaw  
Sales Director
