

The Georgian Bathroom Collection
from
Perrin & Rowe

English Bronze By Perrin & Rowe

The main objective is to apply an “Oil Rubbed Bronze” effect by electropainting.

The Electropainting process applies a controlled thickness of paint over the brushed brass to give a bronze coloured textured effect at the same time as protecting the brass from corrosion.

The finish is often described as a “living finish”.

This finish is available on special orders please allow 8 weeks for delivery.

Authenticity at its best

The Georgian Collection series draws its inspiration from the Georgian era, the period between the early 1700s and mid 1800s when four successive King Georges ruled England and had a profound influence on architecture, interior design and the decorative arts. The era's hallmarks of formal detail, exquisite proportion and balanced design are all reflected elegantly in the Georgian Collection series, which is designed to add grace and sophistication to any bathroom or cloak room.

The Perrin & Rowe Promise

All products are -

- Manufactured in the UK from the highest quality raw materials available;
- Inspired by innovation and driven by engineering excellence;
- Manufactured employing the latest available technology and made from low lead brass;
- Plated to a thickness that is more than twice the industry standard, ensuring a deep, protective coating that is resistant to wear as well as pleasing to the eye;
- Assembled by hand and individually water-tested to ensure peace of mind;
- Made to include bearing rings and engineering 'O' seals on handles and spouts to ensure maximum durability, prolonging the service life of the product and giving Perrin & Rowe products a stable "wobble free feel";
- Made with ceramic disc valves supplied by the world's leading ceramic cartridge manufacturer. Valves are tested up to 500,000 life, cycles, (turned on and off with pressurised water), this equates to at least 25 years of use in a domestic installation;
- Specifically manufactured for each market, meaning that no additional adapters or converters are required for installation.

Bath and Shower Mixers

The choice is yours with a timeless Perrin & Rowe bath mixer or bath-shower mixer.

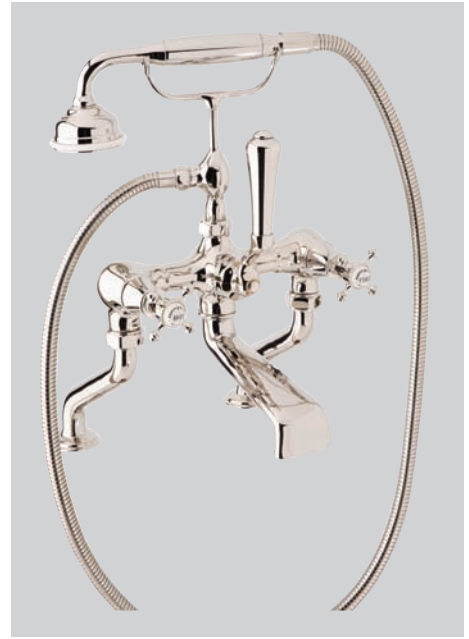

Indulgent, but also practical, an elegant bath-shower mixer combines a generous, wide bath fill with a cradled handshower.

Bath-shower mixers can be positioned deck style on the bath rim, wall mounted or, for freestanding baths, can be fitted with extended unions and legs.

Bath Sets

Turn on a Perrin & Rowe tap and you'll be able to feel and see the difference. That precise, quarter turn action comes courtesy of our hard-wearing, top quality ceramic disc valves. The bubbling flow? That's down to the aerator concealed within each tap's spout. Small detail, big difference.

Shower Sets

A Perrin & Rowe shower is not to be taken lightly, literally. Weighing in at 3kg, each valve is engineered from solid brass. Shower valves start life as a solid piece of cylindrical brass. Then, they are precision machined in a single process before being polished, plated, and hand-assembled.

THE BATHROOM CHINAWARE COLLECTION

Classic Ceramic

Beautiful bathroom brassware needs beautiful chinaware. Consistent with our heritage, the Perrin & Rowe Bathroom Chinaware Collection includes basins, bowls, lavatories and cisterns manufactured exclusively by Perrin & Rowe in its own factory in the heart of English pottery country.

2908
Edwardian Four Piece Suite

Edwardian Suite

Feminine with fluted and soft, curving detail, Edwardian chinaware is perfect for new romantic, country-chic bathroom schemes. A shaped upstand complements the basin's scooped bowl, which can be partnered by a single, two hole, or three hole tap. Lavatories and cisterns are close coupled.
