Retail Sales Team

Introduction

Welcome to the updated Faucets Price Guide for January 2025, designed to provide you with essential insights on our latest prices and product offerings. We trust this guide will be a valuable and user-friendly resource.

Please note: Prices listed are Retail List prices excluding VAT. We have ensured these prices are accurate at the time of printing; however, Faucets reserves the right to amend prices without prior notice. The prices charged will be those effective on the date of dispatch.

- Minimum Order Value: £20.00.
- Account Address Deliveries: For orders delivered to your account address, the minimum carriage-paid order is £50.00; orders below this amount will incur a carriage charge of £10.00.
- Direct Deliveries: For deliveries to a site or any address other than the account address, the minimum carriage-paid order is £100.00; orders below this amount will incur a carriage charge of £10.00.
- Palletised Deliveries: Items requiring pallet delivery (typically sanitary ware) may incur an additional carriage charge based on order size and quantity. Please contact our office for details.

We are committed to continually enhancing our service for you, our valued customer. Our high-quality products are stocked and dispatched nationwide with next-day delivery. Remember to download the Faucets app - speak to your Area Sales Manager for access - where you can check stock, place orders, and explore exclusive offers.

Atelier Collection & Bathroom Collections

Introducing *Atelier Collection* and *Bathroom Collections* by Ideal Standard.

Faucets are excited to be partnering with *Ideal Standard* as a distributor for these collections and providing an enhanced service offering into the retail market.

Offered exclusively to independent retailers, Atelier Collections have been created in collaboration with renowned Italian studio PS+A. The premium collections strengthen the brand's long-standing design philosophy, and look back to its heritage while shaping the bathrooms of the future. The products bring together the unmatched skills of Palomba Serafinia Associati (PS+A), through its founder Roberta Palomba, with Ideal Standard's broad manufacturing expertise.

The ranges draw inspiration from iconic Ideal Standard products of the past to create exciting new collections for the present. Roberto Palomba, a master of international design with over 25 years of experience in design innovations for the bathroom, has created unique collections that include an exclusive range of ceramics, brassware and furniture. The bold designs work in harmony to allow complete customisation on every project.

Ipalyss Washbasins

Ipalyss is a range of washbasins characterized by a super slim design and extreme durability, both made possible by Ideal Standard's Diamatec® technology. The revolutionary Diamatec® was developed using a unique blend of alumina and chamotte, the result is a new material that creates extraordinary looking ceramics, allowing designers to achieve the near impossible: very fine, thin, straight edges that is nonetheless extremely strong, and suitable for a wide range of demanding environments.

Calla

Calla comprises a wide range of ceramic pieces, including elegant basins and pedestals, sophisticated toilets and bidets, and a stunning statement piece - a free-standing bathtub. The basins can also be combined

with the more contemporary washstand, giving the product a completely different identity and enabling customers to integrate it in modern bathroom designs.

Atelier Brassware

Joy

Much more than a cylindrical tap. A single cast piece inspired by botanical grafts, joy fuses elegance and strength into a minimal, never ordinary collection that knows how to surprise in its simplicity.

Conca

Refined elegance, lightness and personality, this is conca's identity. A visual footprint that doesn't break the pure geometries of the washbasin lines. The maturity of the design removes the unnecessary and creates empathy.

Connect air

Freshness and lightness. Connect air was inspired by the idea of fusing a classic geometric piece - the tap - with shapes that transition organically from each other. All with a sense of light airiness.

Joy Neo

Joy Neo represents an evolution of classicism, combining features from the more contemporary and cylindrical Joy collection with classic, square design elements, and either cross or lever-handles.

Brassware Finishes

The finishes within our brassware palette can be combined with our ceramics and furniture to create strong visual statements – the perfect synergy between shape, material and colour.

NEW Solos

The innovative and visually striking flagship piece is a unique integrated combination of basin and fitting. Fine, straight lines and extremely thin edges give the basin its distinctive weightless look, while the fully integrated sophisticated fitting completes the seamless, pure appearance. Only the graceful spout and control knob are visible while the supporting technology is hidden underneath the basin, making this combination truly unique.

Featuring sequential mixer technology, allowing both accurate temperature and flow control in one simple rotation of the elegant control knob. Or touchless technology with capacitive sensors offers additional possibilities for application.

NEW La Dolce Vita

Our new La Dolce Vita® range echoes the understated elegance of a relaxed Italian lifestyle. The collection's beauty is balanced between geometric shapes and forms inspired by the natural environment. Classic tapered design elements and sensual curved edges elegantly separate the products out of the crowd.

The great indoors

Times are changing and as our lifestyles adapt so too have our homes. We've watched fast-paced living be switched with slower, more deliberate time spent indoors. Spaces once saved for entertaining and gathering, now transform into hybrid havens for work, rest and play. So while we retreat into these inner worlds to reconnect, Meir invites you to discover a renewed sense of creativity and self-expression.

Spending close to a decade developing, designing and manufacturing premium products to elevate these everyday moments, Meir specialises in the details that make houses feel like homes.

With exceptional materials, craftsmanship and care; you will relish every opportunity to stay-in.

The beauty is more than skin deep

Meir's committment to quality means all our products meet the most stringent global standards. We only use the best quality components and materials including DZR, a superior, low-lead, brass alloy.

With its higher resistance to corrosion, taps made from DZR brass are less likely to develop leaks, cracks, and other malfunctions, ensuring reliable and safe use over time.

DZR brass also has lower levels of impurities, resulting in improved water quality.

Whilst not a requirement in the UK, the durability of DZR brass combined with Meir's use of the highest quality components gives us the confidence to offer a lifetime guarantee.

Our products are designed to work best with high pressure water systems such as those typically installed in modern homes. With older water systems, your installer or retailer can advise on how to achieve a 'high pressure experience'.

MEIR COLLECTION

Ultra-premium and timeless in design, our collections will transform your home with elevated style, innovation and functionality.

Encompassing a range of fixtures and fittings available in luxurious colours, each one crafted using superior materials and quality components, formed for your bathroom, kitchen, laundry and powder room.

Matte Black

Subtle yet elegant, our signature Matte Black finish pushes the boundaries of luxury tapware. Exuding sleek structure and elegance, the finish subtly accentuates natural textures like marble and timber. The premium range includes kitchen mixers, shower rails and shower heads, bath mixers, freestanding mixers and bathroom accessories.

Tiger Bronze

Add the ultimate, bespoke touch and redefine luxury in your kitchen, laundry or bathroom. Meir tiger bronze gold tapware and fittings provide a subtle and unique gold tone with black veins which is unlike any finish on the market.

Champagne

Escape ordinary in your home and design a bathroom, kitchen or laundry that reimagines penthouse luxury. Meir champagne tapware and fittings exquisitely combine chrome with rose gold for a premium finish for your home.

Brushed Nickel

Add a bespoke touch to your kitchen, bathroom and laundry with luxurious Brushed Nickel tapware and fittings. Meir Brushed Nickel mixers and taps are a study in minimalist perfection. The uniqueness of Brushed Nickel can reveal a beautiful and subtle gold undertone, which produces a natural warmth in the finish that is unique to Meir. Engineered in a PVD coating provides an extreme level of resistance to wear, equally a commercial-grade quality. The Brushed Nickel colour astonishingly adapts to its surroundings, presenting differently in warm or cool light

Shadow

New to our range, the bespoke finish embodies individuality ensuring Shadow is as unique as you. The finish has been crafted with depth that perfectly pairs with stone, timber, natural elements, and concrete. Combining a striking blend of charcoal grey and rustic blue, Shadow produces a sophisticated look unlike anything else. Shadow adds an intensity while remaining familiar, making it incredibly versatile, while being available in a range of premium tapware, sinks, basins, and accessories, to provide a cohesive feel.

Polished Chrome

The perfect blend of style and practicality, Meir's signature polished chrome tapware range will be in vogue for years to come. Our polished chrome taps and fittings for the bathroom, kitchen, toilet and laundry exemplify precision engineering and embody the epitome of bespoke and durable design.

CARE AND CLEANING INSTRUCTIONS

- Do not install tapware using any form of acetone silicones.
- Avoid applying physical items (such as tools) directly to the product.
- Never use detergents, citrus-based cleaners, or abrasive cleaners, and do not use undue pressure while cleaning.
- ⁻ Where your tapware remains dry in use, a soft cloth can be used to remove surface dust. Alternatively, a wipe over with warm, soapy water is all that is required to maintain the finish in perfect condition for a lifetime of use.
- Use of wax-based furniture cream should be avoided, as it can result in a build-up of deposits that could detract from the appearance.

Normal wear and tear, lime scale, and chemicals used during cleaning can cause damage and deterioration, which is not covered by the warranty.

Please Note

- Colour and finish may vary on sample discs and other flat surfaces.
- Colour may vary due to the lighting and reflection in the installation location.

Mira Flight Shower Trays

Lighter, stronger, easier to fit.

Mira Flight trays are made from strong acrylic-capped resin stone for a far tougher product. Still as easy to fit and incredibly strong as ever, 90mm Mira Flight trays now come in a sleek smooth finish that is scratch, chip and discolouration resistant.

They also feature BioCote® technology to reduce bacteria and mould growth by up to 99.9%.

Mira Flight Low Shower Trays

The lighter, tougher, lower shower tray.

Made from durable acrylic resin stone, Mira Flight Low isn't just incredibly tough and unbelievably light, it's also one of the lowest trays on the market, at just 40mm as opposed to the standard 90mm height.

Mira Flight Low also includes BioCote® protection and comes with a Mira Flight Low vortex waste.

THE PERRIN & ROWE PROMISE

All Perrin & Rowe products are designed and manufactured in Britain.

We are driven by engineering excellence. We use state of the art manufacturing technology to support our traditional methods and skills.

Our brassware is made from low lead brass of the highest quality available. The surface is plated to a thickness that exceeds industry standards, ensuring a deep, protective coating that is resistant to wear and pleasing to the eye.

We assemble our brassware by hand, and individually water-test each one.

Our handles and spouts include bearing rings and engineering 'O' seals to ensure maximum durability.

Perrin & Rowe brassware has a 'wobble free feel'.

Our ceramic disc valves are tested up to 500,000 cycles and supplied by the world's leading ceramic cartridge manufacturer. On test, valves are repeatedly turned on and off with pressurised water to the equivalent of 25 years' use in a domestic installation.

Perrin & Rowe specifically manufacture for different markets around the globe. No additional adapters or converters are required for installation.

Our aim is to offer the world's finest range of kitchen and bathroom products.

Purusline Living Plus⁺

The Purusline Living Plus for vinyl and microcement is Purus' newest linear drainage solution in lengths of 600mm, 700mm, 800mm, 900mm and 1000mm. With a patterned Chess grate in stainless steel and a drain body in PP plastic, the Purusline Living Plus has many similarities to the popular Purusline Living, but has been redesigned with a new clamping ring system to be suitable for vinyl flooring. It can also be used with microcement and resin floor finishes. It makes a great alternative to our Mini Series floor gullies where a linear finish is preferred, and is therefore popular in care homes, domestic properties and hospitals as well as hotels, spas and leisure centres. The Purusline Living Plus channels are available in Side, Low and Side Side outlet configurations.

The Purusine Living Plus can be installed into either joist or concrete flooring, with a Self-Supporting Tray used when installing into joists. All outlets come with a built-in NOOD no-odour trap, which ensures that even if the drain dries out, no foul air or bad odours will come up because the spring-loaded trap keeps itself closed. The NOOD can be easily removed for cleaning and maintenance with a built-in handle.

59mm S-Series Floor Gully

Purus' 59mm S-Series floor gully has a super-low profile of just 59mm and includes a NOOD no-odour water trap to ensure any foul smells are not omitted through the drain. It has a flow rate of 0.48l/s and comes complete with a 50mm to 1½" adapter and specially designed clamping ring. The 59mm S-Series gully is suitable for installation in concrete floors with vinyl flooring or tiles, with stainless steel grates available for both types of floor finish.

An anti-ligature version of the gully, as well as a solution for Lifetime Homes adaptations, are also available.

Purus Channel 10

The Channel 100 is our most popular stainless steel channel drainage system and is an ideal solution for shower areas, changing rooms and hotel and leisure facilities; as well as industrial areas such as factories and breweries. It is manufactured in 316-grade acid-resistant stainless steel and is designed for installation into concrete floors with vinyl, tiled, microcement, microconcrete, resin or concrete finishes. It comes in standard lengths up to 2.5m.

Many different configurations are available as standard, details of which are below. The Chess and Rib stainless steel grates are ideal for bare-foot areas whilst the L15 and M125 load-bearing mesh grates are designed to suit industrial use.

An extensive bespoke service is available for channels to be manufactured to your requirements, including in lengths longer than 2.5m. Please contact Purus for more details.

Purus' Channel 100 Configurator tool is now available at www.puruslimited.co.uk!

Stainless steel sanitaryware

Suitable for both domestic and public environments, Purus' stainless steel sanitaryware is robust, durable and of high quality. The range of stainless steel toilets and urinals are practical for surroundings where there are tough requirements for durability and hygiene such as in public toilets, sports centres, restaurants and public institutions. The V220 Sediment Traps and V55 Plaster Separators are designed to stop the deposition of substances such as plaster and sand, and are therefore frequently used in Universities and Art Schools. Purus' stainless steel interiors range includes kitchen worktops, sinks, workbenches and more; all featuring premium style, function and quality. The full range is available to browse at www.puruslimited.co.uk.

RETURNS POLICY

Requests for collection must be made in writing containing the following information:

- 1. Reason for collection
- 2. Date of supply
- 3. Invoice/delivery note number
- 4. Contact details

Damaged/Scratched Items

We recommend that all goods are thoroughly inspected before they are signed for. We cannot accept any responsibility for damaged or scratched goods once they have been signed for.

Goods No Longer Required

Goods no longer required must be in perfect resaleable condition in their original, unopened packaging. Goods returned must be protected in outer packaging to retain the integrity of the manufacturers boxes.

A restocking charge of 20% will apply.

Once a return has been agreed – all returned items should be delivered back to Faucets within 7 days – we reserve the right to cancel all credits if goods are not back within this timeframe – all outstanding payments would then become due!

No goods will be accepted for return after 6 weeks of delivery date.

A collection charge will apply. This will be confirmed when a collection has been authorised.

Defect and Fitted Products

For installed products, any items identified as defective after installation are covered under the manufacturer's warranty, and customers should contact the manufacturer directly for assistance in resolving the issue.

Special Orders

Special orders must be in writing and duly signed. There is no guarantee of delivery times for the manufacture of such items. A strict no returns policy applies to all special orders.

Delivery date

Every effort will be made to complete delivery in accordance with your requirements. However, delivery times quoted are estimates and Faucets will not accept any liability for failure to deliver within such times. In addition, Faucets cannot be held responsible for delays caused by manufacturers, their suppliers, or carriers.

Goods Supplied

All goods supplied shall remain the property of Faucets until full payment has been made. However, any risk shall be passed to the purchaser once delivery has been accepted. We reserve the right to recover goods from the purchaser's premises should the purchaser become insolvent or fail to pay overdue invoices.
