Welcome to the updated Faucets Price Guide for July 2025, designed to provide you with essential insights on our latest prices and product offerings. We trust this guide will be a valuable and user-friendly resource.

Please note: Prices listed are Retail List prices excluding VAT. We have ensured these prices are accurate at the time of printing; however, Faucets reserves the right to amend prices without prior notice. The prices charged will be those effective on the date of dispatch.

- Minimum Order Value: £20.00.
- Account Address Deliveries: For orders delivered to your account address, the minimum carriage-paid order is £50.00; orders below this amount will incur a carriage charge of £10.00.
- Direct Deliveries: For deliveries to a site or any address other than the account address, the minimum carriage-paid order is £100.00; orders below this amount will incur a carriage charge of £10.00.
- Palletised Deliveries: Items requiring pallet delivery (typically sanitary ware) may incur an additional carriage charge based on order size and quantity. Please contact our office for details.

We are committed to continually enhancing our service for you, our valued customer. Our high-quality products are stocked and dispatched nationwide with next-day delivery. Remember to download the Faucets app - speak to your Area Sales Manager for access - where you can check stock, place orders, and explore exclusive offers.

GROHE

GROHE is a leading global brand for complete bathroom solutions and kitchen fittings.

Since 2014, GROHE has been part of the strong brand portfolio of LIXIL, a manufacturer of pioneering water and housing products. In order to offer "Pure Freude an Wasser", every product is based on the brand values of quality, technology, design and sustainability.

GROHE offers life-enhancing product solutions as well as services with its dedicated portfolios. All cater to the specific needs of GROHE's professional business partners and their differentiated target groups.

GROHE GUARANTEE

Applicable to
Sensia Arena and
Sensia Pro*

Applicable to all other
products with non-
electrical components.*

Spares are subject to a
1 Year Manufacturers
Guarantee.

For exposed products, GROHE will continue to manufacture spare parts for 10 years after product discontinuation (15 years for concealed products).

In order to claim the GROHE Manufacturer's Guarantee, the product must not be installed or removed and should be cared for in accordance with the GROHE care instructions and operated in accordance with the operational instructions.

If the product is defective out of the box - the product must be returned to the place of purchase.

GROHE RAPID SL AND RAPID SLX INSTALLATION SYSTEMS

The Rapid SL and Rapid SLX installation systems use GROHE's innovative **Whisper®** quiet technology to ensure minimum noise when flushing, with the SLX system

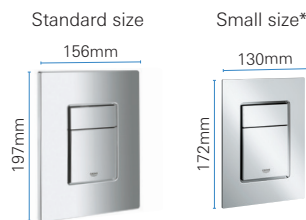

designed specifically to cater to the increasing range of rimless toilets and shower toilets entering the market.

GROHE RAPID SL

Versatile, secure and quick method of installing wall hung WC's.

UNIVERSAL CISTERN

- Dual Flush
- Compatible with all GROHE flush plates

SILENT

- Noise reduction thanks to **GROHE Whisper®**

VERSATILE

- Comes in 3 heights to suit all applications: 0.82m, 1.0m and 1.13m
- Adjustable feet, height can be increased by 200mm

Points for securing the on-the-wall installation
Easy installation due to the unique **pneumatic connection** of the flush plate, and **easy maintenance** via the flush plate opening

SAFE

- TUV certificate for load capacity:
- 400kg for WC

The great indoors

Times are changing and as our lifestyles adapt so too have our homes. We've watched fast-paced living be switched with slower, more deliberate time spent indoors. Spaces once saved for entertaining and gathering, now transform into hybrid havens for work, rest and play. So while we retreat into these inner worlds to reconnect, Meir invites you to discover a renewed sense of creativity and self-expression.

Spending close to a decade developing, designing and manufacturing premium products to elevate these everyday moments, Meir specialises in the details that make houses feel like homes.

With exceptional materials, craftsmanship and care; you will relish every opportunity to stay-in.

The beauty is more than skin deep

Meir's commitment to quality means all our products meet the most stringent global standards. We only use the best quality components and materials - including DZR, a superior, low-lead, brass alloy.

With its higher resistance to corrosion, taps made from DZR brass are less likely to develop leaks, cracks, and other malfunctions, ensuring reliable and safe use over time.

DZR brass also has lower levels of impurities, resulting in improved water quality.

Whilst not a requirement in the UK, the durability of DZR brass combined with Meir's use of the highest quality components gives us the confidence to offer a lifetime guarantee.

Our products are designed to work best with high pressure water systems such as those typically installed in modern homes. With older water systems, your installer or retailer can advise on how to achieve a 'high pressure experience'.

MEIR COLLECTION

Ultra-premium and timeless in design, our collections will transform your home with elevated style, innovation and functionality.

Encompassing a range of fixtures and fittings available in luxurious colours, each one crafted using superior materials and quality components, formed for your bathroom, kitchen, laundry and powder room.

Matte Black

Subtle yet elegant, our signature Matte Black finish pushes the boundaries of luxury tapware. Exuding sleek structure and elegance, the finish subtly accentuates natural textures like marble and timber. The premium range includes kitchen mixers, shower rails and shower heads, bath mixers, freestanding mixers and bathroom accessories.

Tiger Bronze

Add the ultimate, bespoke touch and redefine luxury in your kitchen, laundry or bathroom. Meir tiger bronze gold tapware and fittings provide a subtle and unique gold tone with black veins which is unlike any finish on the market.

Champagne

Escape ordinary in your home and design a bathroom, kitchen or laundry that reimagines penthouse luxury. Meir champagne tapware and fittings exquisitely combine chrome with rose gold for a premium finish for your home.

Brushed Nickel

Add a bespoke touch to your kitchen, bathroom and laundry with luxurious Brushed Nickel tapware and fittings. Meir Brushed Nickel mixers and taps are a study in minimalist perfection. The uniqueness of Brushed Nickel can reveal a beautiful and subtle gold undertone, which produces a natural warmth in the finish that is unique to Meir. Engineered in a PVD coating provides an extreme level of resistance to wear, equally a commercial-grade quality. The Brushed Nickel colour astonishingly adapts to its surroundings, presenting differently in warm or cool light settings.

Shadow

New to our range, the bespoke finish embodies individuality ensuring Shadow is as unique as you. The finish has been crafted with depth that perfectly pairs with stone, timber, natural elements, and concrete. Combining a striking blend of charcoal grey and rustic blue, Shadow produces a sophisticated look unlike anything else. Shadow adds an intensity while remaining familiar, making it incredibly versatile, while being available in a range of premium tapware, sinks, basins, and accessories, to provide a cohesive feel.

Polished Chrome

The perfect blend of style and practicality, Meir's signature polished chrome tapware range will be in vogue for years to come. Our polished chrome taps and fittings for the bathroom, kitchen, toilet and laundry exemplify precision engineering and embody the epitome of bespoke and durable design.

CARE AND CLEANING INSTRUCTIONS

- Do not install tapware using any form of acetone silicones.
- Avoid applying physical items (such as tools) directly to the product.
- Never use detergents, citrus-based cleaners, or abrasive cleaners, and do not use undue pressure while cleaning.
- Where your tapware remains dry in use, a soft cloth can be used to remove surface dust. Alternatively, a wipe over with warm, soapy water is all that is required to maintain the finish in perfect condition for a lifetime of use.
- Use of wax-based furniture cream should be avoided, as it can result in a build-up of deposits that could detract from the appearance.

Normal wear and tear, lime scale, and chemicals used during cleaning can cause damage and deterioration, which is not covered by the warranty.

Please Note

- Colour and finish may vary on sample discs and other flat surfaces.
- Colour may vary due to the lighting and reflection in the installation location.

Mira Flight Shower Trays

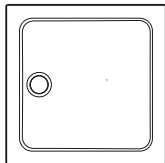

Lighter, stronger, easier to fit.

Mira Flight trays are made from strong acrylic-capped resin stone for a far tougher product. Still as easy to fit and incredibly strong as ever, 90mm Mira Flight trays now come in a sleek smooth finish that is scratch, chip and discolouration resistant.

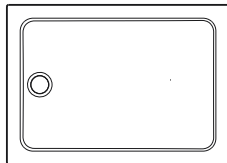

They also feature BioCote® technology to reduce bacteria and mould growth by up to 99.9%.

Mira Flight Low Shower Trays

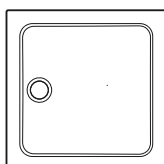

The lighter, tougher, lower shower tray.

Made from durable acrylic resin stone, Mira Flight Low isn't just incredibly tough and unbelievably light, it's also one of the lowest trays on the market, at just 40mm as opposed to the standard 90mm height.

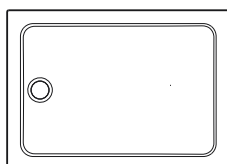

Mira Flight Low also includes BioCote® protection and comes with a Mira Flight Low vortex waste.

THE PERRIN & ROWE STORY

Forty years ago in East London, Bob Perrin and Greg Rowe began an extraordinary partnership. Despite limited funds and a workshop that was little more than a garden shed, they began by machining brass components that others found too difficult to make. As designers they made their name by producing the world's first 3 in 1 tap – a tap that dispensed hot, cold and filtered water - using their own Triflow technology.

This blend of innovation and traditional manufacturing craft defines the Perrin & Rowe brand today. Our comprehensive range of kitchen and bathroom brassware is manufactured in our own factories in Britain. We still make taps in small batches, pouring molten brass by hand into moulds of our own design. By controlling every element of design and production, Perrin & Rowe has become known by architects and design professionals for its quality and durability.

Bob and Greg retired some years ago, but their legacy and passion live on at Perrin & Rowe. Now a luxury brand with an international reputation, our principles of British design and craftsmanship, advanced engineering and traditional manufacturing, remain the foundation of our success.

THE PERRIN & ROWE PROMISE

All Perrin & Rowe products are designed and manufactured in Britain.

We are driven by engineering excellence. We use state of the art manufacturing technology to support our traditional methods and skills.

Our brassware is made from low lead brass of the highest quality available. The surface is plated to a thickness that exceeds industry standards, ensuring a deep, protective coating that is resistant to wear and pleasing to the eye.

We assemble our brassware by hand, and individually water-test each one.

Our handles and spouts include bearing rings and engineering 'O' seals to ensure maximum durability.

Perrin & Rowe brassware has a 'wobble free feel'.

Our ceramic disc valves are tested up to 500,000 cycles and supplied by the world's leading ceramic cartridge manufacturer. On test, valves are repeatedly turned on and off with pressurised water to the equivalent of 25 years' use in a domestic installation.

Perrin & Rowe specifically manufacture for different markets around the globe. No additional adapters or converters are required for installation.

Our aim is to offer the world's finest range of kitchen and bathroom products.

THE ARMSTRONG COLLECTION

Inspired by brothers Joseph and George Armstrong, locomotive designers and pioneers of the Industrial Revolution, the collection transforms an industrial aesthetic into a model of timeless elegance.

Purusline Living Plus⁺

The Purusline Living Plus for vinyl and microcement is Purus' newest linear drainage solution in lengths of 600mm, 700mm, 800mm, 900mm and 1000mm. With a patterned Chess grate in stainless steel and a drain body in PP plastic, the Purusline Living Plus has many similarities to the popular Purusline Living, but has been redesigned with a new clamping ring system to be suitable for vinyl flooring. It can also be used with microcement and resin floor finishes. It makes a great alternative to our Mini Series floor gullies where a linear finish is preferred, and is therefore popular in care homes, domestic properties and hospitals as well as hotels, spas and leisure centres. The Purusline Living Plus channels are available in Side, Low and Side Side outlet configurations.

The Purusline Living Plus can be installed into either joist or concrete flooring, with a Self-Supporting Tray used when installing into joists. All outlets come with a built-in NOOD no-odour trap, which ensures that even if the drain dries out, no foul air or bad odours will come up because the spring-loaded trap keeps itself closed. The NOOD can be easily removed for cleaning and maintenance with a built-in handle.

Purus Channel 100

Purus Channel 100

The Channel 100 is our most popular stainless steel channel drainage system and is an ideal solution for shower areas, changing rooms and hotel and leisure facilities; as well as industrial areas such as factories and breweries. It is manufactured in 316-grade acid-resistant stainless steel and is designed for installation into concrete floors with vinyl, tiled, microcement, microconcrete, resin or concrete finishes. It comes in standard lengths up to 2.5m.

Many different configurations are available as standard, details of which are below. The Chess and Rib stainless steel grates are ideal for bare-foot areas whilst the L15 and M125 load-bearing mesh grates are designed to suit industrial use.

An extensive bespoke service is available for channels to be manufactured to your requirements, including in lengths longer than 2.5m. Please contact Purus for more details.

Purus' Channel 100 Configurator tool is now available at www.puruslimited.co.uk!

Stainless steel sanitaryware

Suitable for both domestic and public environments, Purus' stainless steel sanitaryware is robust, durable and of high quality. The range of stainless steel toilets and urinals are practical for surroundings where there are tough requirements for durability and hygiene such as in public toilets, sports centres, restaurants and public institutions. The V220 Sediment Traps and V55 Plaster Separators are designed to stop the deposition of substances such as plaster and sand, and are therefore frequently used in Universities and Art Schools. Purus' stainless steel interiors range includes kitchen worktops, sinks, workbenches and more; all featuring premium style, function and quality. The full range is available to browse at www.puruslimited.co.uk.

RETURNS POLICY

Requests for collection must be made in writing containing the following information:

1. Reason for collection
2. Date of supply
3. Invoice/delivery note number
4. Contact details

Damaged/Scratched Items

We recommend that all goods are thoroughly inspected before they are signed for. We cannot accept any responsibility for damaged or scratched goods once they have been signed for.

Goods No Longer Required

Goods no longer required must be in perfect resaleable condition in their original, unopened packaging. Goods returned must be protected in outer packaging to retain the integrity of the manufacturers boxes.

A restocking charge of 20% will apply.

Once a return has been agreed – all returned items should be delivered back to Faucets within 7 days – we reserve the right to cancel all credits if goods are not back within this timeframe – all outstanding payments would then become due!

No goods will be accepted for return after 6 weeks of delivery date.

A collection charge will apply. This will be confirmed when a collection has been authorised.

Defect and Fitted Products

For installed products, any items identified as defective after installation are covered under the manufacturer's warranty, and customers should contact the manufacturer directly for assistance in resolving the issue.

Special Orders

Special orders must be in writing and duly signed. There is no guarantee of delivery times for the manufacture of such items. A strict no returns policy applies to all special orders.

Delivery date

Every effort will be made to complete delivery in accordance with your requirements. However, delivery times quoted are estimates and Faucets will not accept any liability for failure to deliver within such times. In addition, Faucets cannot be held responsible for delays caused by manufacturers, their suppliers, or carriers.

Goods Supplied

All goods supplied shall remain the property of Faucets until full payment has been made. However, any risk shall be passed to the purchaser once delivery has been accepted. We reserve the right to recover goods from the purchaser's premises should the purchaser become insolvent or fail to pay overdue invoices.
