The great indoors

Times are changing and as our lifestyles adapt so too have our homes. We've watched fast-paced living be switched with slower, more deliberate time spent indoors. Spaces once saved for entertaining and gathering, now transform into hybrid havens for work, rest and play. So while we retreat into these inner worlds to reconnect, Meir invites you to discover a renewed sense of creativity and self-expression.

Spending close to a decade developing, designing and manufacturing premium products to elevate these everyday moments, Meir specialises in the details that make houses feel like homes.

With exceptional materials, craftsmanship and care; you will relish every opportunity to stay-in.

The beauty is more than skin deep

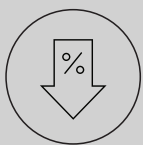

Meir's commitment to quality means all our products meet the most stringent global standards. We only use the best quality components and materials - including DZR, a superior, low-lead, brass alloy.

With its higher resistance to corrosion, taps made from DZR brass are less likely to develop leaks, cracks, and other malfunctions, ensuring reliable and safe use over time.

DZR brass also has lower levels of impurities, resulting in improved water quality.

Whilst not a requirement in the UK, the durability of DZR brass combined with Meir's use of the highest quality components gives us the confidence to offer a lifetime guarantee.

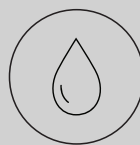

Our products are designed to work best with high pressure water systems such as those typically installed in modern homes. With older water systems, your installer or retailer can advise on how to achieve a 'high pressure experience'.

MEIR COLLECTION

Ultra-premium and timeless in design, our collections will transform your home with elevated style, innovation and functionality.

Encompassing a range of fixtures and fittings available in luxurious colours, each one crafted using superior materials and quality components, formed for your bathroom, kitchen, laundry and powder room.

Matte Black

Subtle yet elegant, our signature Matte Black finish pushes the boundaries of luxury tapware. Exuding sleek structure and elegance, the finish subtly accentuates natural textures like marble and timber. The premium range includes kitchen mixers, shower rails and shower heads, bath mixers, freestanding mixers and bathroom accessories.

Tiger Bronze

Add the ultimate, bespoke touch and redefine luxury in your kitchen, laundry or bathroom. Meir tiger bronze gold tapware and fittings provide a subtle and unique gold tone with black veins which is unlike any finish on the market.

Champagne

Escape ordinary in your home and design a bathroom, kitchen or laundry that reimagines penthouse luxury. Meir champagne tapware and fittings exquisitely combine chrome with rose gold for a premium finish for your home.

Brushed Nickel

Add a bespoke touch to your kitchen, bathroom and laundry with luxurious Brushed Nickel tapware and fittings. Meir Brushed Nickel mixers and taps are a study in minimalist perfection. The uniqueness of Brushed Nickel can reveal a beautiful and subtle gold undertone, which produces a natural warmth in the finish that is unique to Meir. Engineered in a PVD coating provides an extreme level of resistance to wear, equally a commercial-grade quality. The Brushed Nickel colour astonishingly adapts to its surroundings, presenting differently in warm or cool light settings.

Shadow

New to our range, the bespoke finish embodies individuality ensuring Shadow is as unique as you. The finish has been crafted with depth that perfectly pairs with stone, timber, natural elements, and concrete. Combining a striking blend of charcoal grey and rustic blue, Shadow produces a sophisticated look unlike anything else. Shadow adds an intensity while remaining familiar, making it incredibly versatile, while being available in a range of premium tapware, sinks, basins, and accessories, to provide a cohesive feel.

Polished Chrome

The perfect blend of style and practicality, Meir's signature polished chrome tapware range will be in vogue for years to come. Our polished chrome taps and fittings for the bathroom, kitchen, toilet and laundry exemplify precision engineering and embody the epitome of bespoke and durable design.

CARE AND CLEANING INSTRUCTIONS

- Do not install tapware using any form of acetone silicones.
- Avoid applying physical items (such as tools) directly to the product.
- Never use detergents, citrus-based cleaners, or abrasive cleaners, and do not use undue pressure while cleaning.
- Where your tapware remains dry in use, a soft cloth can be used to remove surface dust. Alternatively, a wipe over with warm, soapy water is all that is required to maintain the finish in perfect condition for a lifetime of use.
- Use of wax-based furniture cream should be avoided, as it can result in a build-up of deposits that could detract from the appearance.

Normal wear and tear, lime scale, and chemicals used during cleaning can cause damage and deterioration, which is not covered by the warranty.

Please Note

- Colour and finish may vary on sample discs and other flat surfaces.
- Colour may vary due to the lighting and reflection in the installation location.
