The great indoors

Times are changing and as our lifestyles adapt so too have our homes. We've watched fast-paced living be switched with slower, more deliberate time spent indoors. Spaces once saved for entertaining and gathering, now transform into hybrid havens for work, rest and play. So while we retreat into these inner worlds to reconnect, Meir invites you to discover a renewed sense of creativity and self-expression.

Spending close to a decade developing, designing and manufacturing premium products to elevate these everyday moments, Meir specialises in the details that make houses feel like homes.

With exceptional materials, craftsmanship and care; you will relish every opportunity to stay-in.

CONTEMPORARY SILHOUETTES
MEET STRUCTURAL DEFINITION

MATTE BLACK

Subtle yet elegant, our signature Matte Black finish pushes the boundaries of luxury tapware. Exuding sleek structure and elegance, the finish subtly accentuates natural textures like marble and timber.

BE TRANSFIXED
BY TEXTURE

TIGER BRONZE

A nuanced finish created from a brushed black undercoating adorned in gold, providing a glorious midas touch. Harness the power of precious metal motifs to highlight both modern pastel palettes and more classic colour schemes.

LUXURY MEETS LEVITY

CHAMPAGNE

Set the benchmark for stylish living with a finish that exudes a sense of fluidity and versatility. The effervescence of rose-gold brings a new luxury to brass and the result is brilliant. Pair Champagne with pale timber, earthy tiling and an abundance of natural light for maximum impact.

Whether your space is commercial or closer to home, our PVD Brushed Nickel range is crafted using premium materials and the utmost care. Scheme with oak and earthy palettes for the greatest appeal.

CREATE, CURATE AND
REJUVENATE YOUR HOME

THE RANGE

We create each piece from concept to production at the highest standards using DZR brass; selecting only the most reputable quality European parts and components. Our ongoing commitment to quality allows us to provide generous, industry-leading warranty terms for all parts, products, and components which withstand the test of time both in their appearance and application.

Our products are designed to work best with high pressure water systems such as those typically installed in modern homes. With older water systems, your installer or retailer, can advise on how to achieve a 'high pressure experience'.
