# THE PERRIN & ROWE STORY

Perrin & Rowe products are fully designed and manufactured in the UK

Established in 1978 by Bob Perrin and Greg Rowe, the company started life in a large barn in Bob's back garden in East London, manufacturing components for other brassware companies.

Early on in the 1980s, Perrin & Rowe obtained a reputation as excellent problem solvers and accomplished engineers and we expanded and acquired our first factory in Rainham, Essex.

Now we could really start to develop our own products, not just components for other companies.

The world's first tap containing Triflow Technology was invented and patented in 1991. A three-way tap that dispensed hot, cold and filtered water. Quickly becoming an established market leader and within a few years was selling around the globe.

A FRESH CASTING IN THE HANDS OF A TRUE CRAFTSMAN

Having established a reputation for excellence and quality, Bob Perrin and Greg Rowe were now keen to expand their own brand and in 1993, the first Perrin & Rowe kitchen products started to roll out of the factory.

A natural progression of the success achieved within the kitchen industry led us to develop and produce the first range of bathroom brassware in 1995. It was clear that the UK market had been waiting for products such as ours, with timeless, beautifully proportioned designs, considered function and lifelong quality

all built in. It also became obvious that other markets desired these qualities and an exclusive distribution deal with Rohl in the US quickly brought Perrin & Rowe fittings to an overseas market craving English tradition and excellence. Australia and New Zealand followed and all these relationships are still going strong today. By the millennium, it was evident that Perrin & Rowe had outgrown their current factory and we moved to a huge 55,000 sqft facility in 2003, enabling us continued growth for years to come. In a few short years, the Company also

secure the casting, polishing and plating processes, and also a production facility to allow the launch of our own Sanitary ware range.

Today, Perrin & Rowe is one of the largest manufacturers of authentic kitchen and bathroom products in Great Britain, employing over 140 people. We have redefined the market needs for classically British decorative brassware and managed to keep skilled manufacturing jobs here in the UK.

WHERE IT ALL BEGAN - BOB PERRIN'S FIRST WORKSHOP IN EAST LONDON

BOB PERRIN WAS A MASTER DRAFTSMAN USING THE LATEST AUTOCAD COMPUTER SYSTEMS

SCREWCUTTING WASHER PLATES FOR A CUSTOMER

THE 55,000 SQFT RAINHAM FACILITY

ADVANCED CNC MACHINERY - JUST ONE PART OF THE MASSIVE 127,000 SQFT CURRENTLY IN OPERATION BY PERRIN & ROWE

With factories in Tamworth, Rainham and Wolverhampton, all Perrin & Rowe products are manufactured from raw materials by our skilled team of engineers.

With an ongoing commitment to preserving skillsets, we offer a number of apprenticeship schemes with an emphasis on teaching participants the engineering skills required to manufacture the high quality products offered by Perrin & Rowe.

Environmentally aware – In the last three years we have made significant reductions in our power and water consumption, as well as recycling brass waste, machine oils and packaging.

A WORLD FIRST - BRANDED 'ATRIFLO', THIS WAS THE GROUNDBREAKING CONCEPT THAT HIT THE MARKET IN 1991

# THE FUSION OF FUNCTION AND BEAUTY; DURABILITY AND DESIRABILITY.

The strength of the Perrin & Rowe brand is built upon a clear understanding of the requirements in the luxury sector: product reliability, durability, quality and real value for money. Renowned for our unrivalled quality and an exacting attention to detail, our wide and varied product portfolio includes kitchen taps, bath and basin brassware, bathroom accessories and bathroom chinaware, all designed and manufactured in our own UK factories.

Perrin & Rowe products are outstanding examples of design excellence combined with cutting edge precision engineering. Our products are not mass produced; instead we concentrate on perfecting each individual product by controlling each process to our own exacting standards.

Our reward – Perrin & Rowe products have consistently been specified and installed in the most stunning and luxurious hotels, resorts, spas and private residences around the world.

# THE PERRIN & ROWE PROMISE

- All products are manufactured in the UK from the highest quality raw materials available.
- Inspired by innovation and driven by engineering excellence.
- Manufactured employing the latest available technology.
- Assembled by hand and individually water tested to ensure peace of mind. Made to include bearing rings and engineering 'O' seals on handles and spouts to ensure maximum durability. This feature prolongs the service life of the product and gives Perrin & Rowe products a stable 'wobble-free feel'.
- Containing ceramic disc valves supplied by a leading ceramic valve manufacturer, the valves are repeatedly tested up to 500,000 life cycles, (turned on and off with pressurised water), designed to simulate up to 25 years domestic use.
- Specifically manufactured for each market. No additional adapters or converters are required for installation.
- Plated to a thickness that exceeds the industry standards. This additional plating will ensure a deep, protective coating that is resistant to wear and tear as well as pleasing to the eye.

## GUARANTEE

All products are manufactured in the UK from the highest quality raw materials available.

Plating on Perrin & Rowe Products exceeds the industry standard by 10 microns: standard at 15 microns, and Perrin & Rowe at 25 microns. This additional plating will ensure a deep, protective coating that is resistant to wear and tear and is very pleasing to the eye.

Each product is assembled by hand and individually water tested to ensure peace of mind.

All products include bearing rings on valves for maximum durability. Bearing rings give Perrin & Rowe products a stable "wobble free feel". Engineering 'O' rings are also used. These 'O' rings are more durable than standard washers and less likely to cause problems due to drips and leaks.

Ceramic disc valves are supplied by Flühs of Germany, the world's leading cartridge manufacturer.

### WARRANTY INFORMATION

All mechanical components used on Perrin & Rowe taps and valves have a 5 year product warranty.

All metallic finishes have a 1 year warranty.

All measurements shown in this document are in millimetres (mm).

Due to TCL Manufacturing Ltd continuing policy of product development, we reserve the right to modify or alter designs at our discretion.

TCL Manufacturing Ltd Terms and Conditions are available upon request.

# BRASSWARE FINISHES

Perrin & Rowe brassware is available in three standard and four special finishes. Special finishes come with an approximate 8 week lead time, this can be confirmed when placing an order. A care guide is available for all finishes on our website.

## STANDARD FINISHES

### CHROME (CP)

A brilliant, silver finish with a hint of blue.

### NICKEL (NI)

A shiny finish with a golden glow.

### PEWTER (PF)

A brushed nickel finish with a blue-grey, matte appearance.

## SPECIAL FINISHES

### ENGLISH BRONZE (BZ)

A metallic brown finish with subtle notes of orange and copper.

### GOLD (IG)

Plated with 24 carat gold pure yellow in colour, with a natural glow and high shine.

## LIVING FINISHES

Polished and Satin Brass are described as 'living finishes' which means they develop a unique patina as they react with their environment. A care guide is available for all finishes on our website.

### POLISHED BRASS (BR)

A warm finish with coppery undertones.

### SATIN BRASS (SB)

A matte finish with strong undertones of yellow ochre.

# LEVER HANDLES

With the Traditional Bathroom Collection, choose from a range of handle material options including the full range of standard and special finishes, as well as white or black porcelain.

Prices shown relate to spares or replacement handles only. It is recommended that these handles are purchased in pairs to ensure a perfect colour match.

**Important Note:** The colours shown are not exact representations.
