A DISTINCTIVE MEMBER OF THE HOUSE OF ROHL

HOUSE OF ROHL

THE STORY CRAFT TELLS

Perrin & Rowe is a member of the House of Rohl, a collection of artisan brands recognised for their artistry and heritage.

The Rohl family have spent a lifetime seeking stories of dedication, passion and craft. They have brought together diverse brands, exceptional in their category, that complement each other. Independent spirits, but shared values. A belief that quality starts with the material, design is in the detail and craftsmanship is paramount.

Distinctive stories are what makes life exceptional. At the House of Rohl, we discover time-honoured craft, revealing stories unlike any other. Stories of place and provenance. Stories of ingenuity and invention. Stories of a relentless pursuit of perfection.

Welcome to the House of Rohl®

THE PERRIN & ROWE STORY

Forty years ago in East London, Bob Perrin and Greg Rowe began an extraordinary partnership. Despite limited funds and a workshop that was little more than a garden shed, they began by machining brass components that others found too difficult to make. As designers they made their name by producing the world's first 3 in 1 tap – a tap that dispensed hot, cold and filtered water – using their own Triflow technology. This blend of innovation and traditional manufacturing craft defines the Perrin & Rowe brand today.

Our comprehensive range of kitchen and bathroom brassware is manufactured in our own factories in Britain. We still make taps in small batches, pouring molten brass by hand into moulds of our own design. Our sanitaryware is made in Staffordshire, the heart of English ceramic manufacture for three hundred years. By controlling every element of design and production, Perrin & Rowe has become known by architects and design professionals for its quality and durability.

Bob and Greg retired some years ago, but their legacy and passion live on at Perrin & Rowe. Now a luxury brand with an international reputation, our principles of British design and craftsmanship, advanced engineering and traditional manufacturing, remain the foundation of our success.

THE PERRIN & ROWE PROMISE

All Perrin & Rowe products are designed and manufactured in Britain.

We are driven by engineering excellence. We use state of the art manufacturing technology to support our traditional methods and skills.

Our brassware is made from low lead brass of the highest quality available. The surface is plated to a thickness that exceeds industry standards, ensuring a deep, protective coating that is resistant to wear and pleasing to the eye.

We assemble our brassware by hand, and individually water-test each one.

Our handles and spouts include bearing rings and engineering 'O' seals to ensure maximum durability.

Perrin & Rowe brassware has a 'wobble free feel'.

Our ceramic disc valves are tested up to 500,000 cycles and supplied by the world's leading ceramic cartridge manufacturer. On test, valves are repeatedly turned on and off with pressurised water to the equivalent of 25 years' use in a domestic installation.

Perrin & Rowe specifically manufacture for different markets around the globe. No additional adapters or converters are required for installation.

Our aim is to offer the world's finest range of kitchen and bathroom products.

GUARANTEE

All products are manufactured in the UK from the highest quality raw materials available.

Plating on Perrin & Rowe Products exceeds the industry standard by 10 microns: standard at 15 microns, and Perrin & Rowe at 25 microns. This additional plating will ensure a deep, protective coating that is resistant to wear and tear and is very pleasing to the eye.

Each product is assembled by hand and individually water tested to ensure peace of mind.

All products include bearing rings on valves for maximum durability. Bearing rings give Perrin & Rowe products a stable "wobble free feel". Engineering 'O' rings are also used. These 'O' rings are more durable than standard washers and less likely to cause problems due to drips and leaks.

Ceramic disc valves are supplied by Flühs of Germany, the world's leading cartridge manufacturer.

PARTS WARRANTY

BRASSWARE FINISHES

Perrin & Rowe brassware is available in three standard and four special finishes. Special finishes come with an approximate 8 week lead time, this can be confirmed when placing an order. A care guide is available for all finishes on our website.

STANDARD FINISHES

CHROME (CP)

A brilliant, silver finish with a hint of blue.

NICKEL (NI)

A shiny finish with a golden glow.

PEWTER (PF)

A brushed nickel finish with a blue-grey, matte appearance.

SPECIAL FINISHES

ENGLISH BRONZE (BZ)

A metallic brown finish with subtle notes of orange and copper.

GOLD (IG)

Plated with 24 carat gold pure yellow in colour, with a natural glow and high shine.

LIVING FINISHES

Polished and Satin Brass are described as 'living finishes' which means they develop a unique patina as they react with their environment. A care guide is available for all finishes on our website.

POLISHED BRASS (BR)

A warm finish with coppery undertones.

SATIN BRASS (SB)

A matte finish with strong undertones of yellow ochre.

LEVER HANDLES

With the Traditional Bathroom Collection, choose from a range of handle material options including the full range of standard and special finishes, as well as white or black porcelain.

Prices shown relate to spares or replacement handles only. It is recommended that these handles are purchased in pairs to ensure a perfect colour match.

Important Note: The colours shown are not exact representations.
